

DEATHS

IN THE

ANNUAL REPORTS

OF THE

CITY INFIRMARY

TO THE

CITY COUNCIL OF THE CITY OF CINCINNATI

For those who died

From

July 1852 to December 1891

1852-1891

KEY

The work herein indexes the annual reports of the City Infirmary of Cincinnati, OH. The range of years covered in the collection of the Cincinnati Historical Society Library are from the 1st year beginning July 1852 to the 40th year ending 31 December 1891. There is no report for the year 1882.

Each annual report lists everyone who died in the infirmary in the previous year along with date of death, age, nativity, and cause of death. As few official death records were recorded in Cincinnati before 1865 and not required by the state until 1908, this data will fill a much-neglected gap for genealogical research.

The index does not contain all of the data recorded in the reports. The researcher will need to view the collection in order to take advantage of all the information available. Ask the librarian for call number 362.11 C581 (years 1852-82, 1884-1891.) For the report of deaths in 1883, ask for call number 352.07714 C574 1884.
